HKCP has always been a great experience for me. It has enriched my inner skills, enhanced my overall personality and attributes. I am highly obliged and grateful to all my supportive, amenable and enthusiastic Teachers & Principal Madam who have not only selflessly but also whole heartedly got me through the entire years. A special thank you to all the Lab assistants, Peons and the office technicians as well. It will be an excellent opportunity for me to represent my college always. I am proud to be a HKCPian. Thank you.

It was an awesome journey throughout the 4 years in HKCP..! I have learnt many things throughout my journey. It is very blissful to be in such a unique field & I have received a great exposure regarding PHARMACY from my college which has strengthened my knowledge as well as my concepts. Well..! The professors & principal have played a vital role in building our knowledge, without them it was next to impossible. Proud to be HKCPian. Salute..!!!!

The four long years that felt so as it would stretch unto eternity passed by even before we could take in most of it. It was a long road of late nights and long mornings, journal completions and submission deadlines, group studies and last minute revisions. But having finally sailed through, it feels fulfilling. The years I spent at H.K.C.P. were fun but more than that, it turned out to be an explicit patchwork of memories, experiences, celebrations and most importantly quality education in its best possible form. On a final cue, notes of gratitude to everyone, Principal ma'am and all the teachers for always being there and accommodating even the silliest of queries, the non-teaching staff for all the silent support. To the important people I'm lucky to tag as friends, it has been a privilege to have known every one of you and the gift of your presence and acknowledgement is truly and heartily appreciated.
