Participants Details:

Total no. of college students: 49

Total No of Faculty:02

Summary of the Lecture/Activity:

Industry visit to Sovereign Pharma Pvt. Ltd., Daman for third year B Pharm Division A students was organized by H.K. College of Pharmacy's Industry and Field trip committee on 26th September 2025 to connect academic knowledge with real-world applications by observing actual operations, processes, and practices in the Pharma industry. The visit provided enriching experience for our students to witness the advanced operations of a modern parenteral manufacturing facility.

Students viewed the raw material store department, parenteral production facility and QC and labelling of parenteral. They understood regulatory requirements for parenteral production. The exposure to such high standards of quality, safety, and innovation impacted the students positively. They appreciated the visit wherein they could witness the application of the knowledge received during their academic sessions in college.

Key outcome of the activity:

1. The activity encouraged students to develop career awareness and opportunities.
2. Students interaction with professionals and experts, allowing for questions, discussions, and insights.
3. Students understood how industries implement quality control, environmental standards, and workplace safety regulations.
