

Date/Day: 25.03.2026, Wednesday

Title: Nature Park Visit associated with Herbal Remedies

Objective: Nature Park Visit for Second Year B. Pharm students was conducted on 25 March 2026 at Merchant Wadi Ram Niwas Mumbai. The objective of visit was

- To provide Second Year B. Pharm students with experiential learning through direct interaction with the natural environment.
- To enhance awareness about biodiversity, ecological balance, and conservation practices.
- To relate environmental science concepts with real-life observations.
- To promote understanding of medicinal plants and their significance in pharmaceutical sciences.

Program Outcome: PO1, PO2, PO3, PO4, PO6, PO10

Details of the Resource Person/Event: Dr Raj Merchant, Naturopath, Merchant Wadi Ram Nivas, Manchu Bhai Rd, Malad East, Mumbai, Maharashtra 400097

Participants Details:

Total no. of college students: 91

Total no of Faculty: 04

Summary of the Lecture/Activity:

A nature park visit was organized for H K College of Pharmacy second year B Pharm students, particularly, to provide a valuable opportunity to integrate theoretical knowledge with practical exposure. During such visits, students are introduced to a wide variety of medicinal plants, herbs, and natural resources that are used in traditional and alternative systems of medicine. This exposure is especially beneficial for students as it helps them understand the origin, identification, and therapeutic importance of plant-based drugs beyond textbooks.

Brochure/Photo Gallery:

Key Outcome of the Lecture/Activity:

- Students gained practical exposure to medicinal plants and their therapeutic applications.
- Enhanced understanding of naturopathy and its relevance to pharmaceutical sciences.
- Improved awareness of biodiversity, environmental conservation, and sustainable practices.
- Bridged the gap between theoretical knowledge and real-world application.
- Developed observational, analytical, and critical thinking skills.
- Encouraged appreciation of holistic and alternative healthcare approaches.
- Promoted teamwork, active participation, and experiential learning among students.
- Fostered a sense of environmental responsibility and health consciousness.
