

## H.K College Of Pharmacy

### Research Grants by Mumbai University 2014-15

Se.No.	Research Title	Investigator	Amount Sanctioned Rs.
1	Enhancement of solubility using formulation techniques targeting the absorption kinetics of poorly soluble drugs	Dr. Anubha Khale	40,000/-
2	Microwave assisted ecofriendly synthesis, molecular docking, in silico pharmacokinetic prediction and biological evaluation of Monastrol analogs as anticancer agents.	Dr. Kamlesh Soni	35,000/-
3	Development and characterization of lipoprotein membrane vesicles based formulation of anticancer drugs.	Mrs. Jaya Agnihotri	37,000/-
4	Designing of novel nano-emulsion, transdermal formulation for antihypertensive drugs	Mrs. Sheela Yadav	35,000/-
5	Peridontol activity of Aloe-vera formulation.	Mrs. Archana Bele	30,000/-
6	Approches to increase solubility of curcumin.	Ms. Parimal Kotkar	31,000/-
7	To study the pharmacological evaluation of anti-inflammatory and anti-burn properties of Aloe-vera.	Mr. Waseem Ahmed	30,000/-
