Summary of the Lecture/Activity:

The Extension and Outreach Committee in collaboration with Department of Lifelong Learning and Extension (DLLE) had organized an Awareness Rally on 5th October 2026 in the vicinity of the college premises.

The rally was organized as part of the National Pharmacy Week celebrations to highlight the growing concern of antimicrobial resistance and the need for responsible antimicrobial use.

During the rally, awareness regarding the appropriate use of antibiotics, the risks associated with their unnecessary consumption, and the importance of following medical advice was emphasized. The activity aimed to sensitize members of the local community to the consequences of antimicrobial misuse and the role of individuals in preventing the development and spread of antimicrobial resistance. Also, the students actively promoted awareness about completing prescribed antibiotic courses as directed by healthcare professionals.

The rally also provided an opportunity for students to engage with the community, develop communication skills, and understand the role of pharmacists in promoting the rational use of medicines and safeguarding public health.
