Archana Upadhy delivered the introductory note. Dr. Tushar Lokhande felicitated Mr. Shailesh Katariya with a token of appreciation.

Mr. Shailesh Katariya first recounted his experiences at several organizations (on demand by the audience) and then began delving into the topic of his expertise -Medical Devices. He gave a summary of medical devices explaining the difference between a drug and a medical device. He then thoroughly explained the challenges faced by the Indian Regulatory Authority CDSCO for regulating the medical devices. He gave an overview of various regulatory agencies around the globe. He made the audience aware of the classification of medical devices and the stringency of criteria that is associated with regulatory evaluation of each class of medical devices.

He emphasized that a manufacturer of medical devices desirous of selling his device in the Indian Market, must register at the government "SUGAM" portal, and follow the directives thereof. Mr. Shailesh Katariya, then interacted one-on-one with the students clearing the doubts and queries about the topic.

It was an informative and interesting session for students and faculty who gained knowledge outside their core expertise.
