

## Report on National Pollution Control Day

To celebrate National Pollution Control Day on 2<sup>nd</sup> December 2022, HK College of Pharmacy created awareness among the students and faculty by circulating a presentation/pdf on pollution, its types, and some strategies to control it. Students were asked to look through the presentation/pdf and try to gauge the extent of environmental pollution in their residence/ locality and come up with innovative schemes to address the same. They were also asked to distribute the information from this pdf to the local communities, to create awareness of the pollution they are exposed to.

Celebrate the National Pollution Control Day!

Rachel Cordeiro

Principal, H. K. College of Pharmacy, Oshiwara, Jogeshwari (W), Mumbai - 400 102

Dear students,

Today the 2<sup>nd</sup> of December 2022 we celebrate the National Pollution Control Day.

Since you (students) and faculty are involved in end semester examinations and evaluation, we want to this presentation/pdf on pollution to make you aware of the pollution encountered and some strategies to control it.

Take a look at the presentation/pdf and try to gauge the extent of environmental pollution in your residence/ locality and come up with innovative schemes to address the same.

You may distribute information from this pdf to make your local communities aware of the pollution they are exposed to.

Remember, it takes strong initiative from a single person/ group of people to begin making the difference.

"One person can make a difference and everyone should try" John F. Kennedy

Kind regards,

Institution's Innovation Council
