

Date/Day: 14th December 2025, Sunday

National Energy Conservation Day

Objectives:

The event was structured with the following key goals:

- To create awareness among students on the urgent need to conserve energy, the importance of energy efficiency and conservation.
- The activity also focused on making students aware of global warming and climate change and encouraged efforts towards saving energy resources.
- The primary objective was to also to assess the knowledge of sustainability and the understanding of energy-saving practices among students through a competitive quiz format.

Program Outcomes:

PO1, PO5, PO6 and PO7

Participant Details:

- **Total number of students:** 112
- **Total number of teachers:** 03

Summary of the Activity:

The **National Energy Conservation Day 2025** was organized at H.K. College of Pharmacy, Mumbai, by the Extension and Outreach Committee and the Department of Lifelong Learning and Extension (DLLE) in collaboration with Green club on the 14th Dec 2025. A "**Testing Awareness**" Quiz was designed by faculty for students.

The activity leveraged digital platforms to engage participants in a "**Green Transformation**" theme based quiz. Participants answered questions regarding energy efficiency, renewable energy sources like solar and wind power, and the environmental impact of energy wastage. This interactive session moved beyond traditional lectures, allowing students to apply their knowledge to real-world sustainability challenges.

VISION: To be recognized as an Institution providing quality education in pharmacy to serve the healthcare sector.

Key Outcomes of the Activity:

- Students updated their knowledge regarding energy-efficient technologies, such as LED lighting and solar-thermal systems, and the importance of reducing the carbon footprint.
- By using a quiz format, the activity successfully engaged a large number of students, fostering a spirit of healthy competition while reinforcing critical facts about global warming and energy sustainability.
