Celebrating 77th Independence day
Topic: **Innovators contributions and their role in nation building.**

Known as the "Missile Man of India," Dr. Kalam played a crucial role in the development of India's ballistic missile and space technology programs. His contributions to defense and space research significantly strengthened India's scientific capabilities.

Ratan Tata is a prominent industrialist and philanthropist who has contributed significantly to various sectors in India. Additionally, his philanthropic efforts through the Tata Trusts have focused on education, healthcare, and social welfare, positively impacting millions of lives.

Renowned as the "Father of the Green Revolution in India," Swaminathan's agricultural innovations led to a significant increase in food production, helping India address food scarcity and achieve self-sufficiency in wheat and rice.

Aam Frenji is the founder of Infra Limited, a leading IT company, and a prominent philanthropist. He has played a significant role in the growth of the Indian IT sector, contributing to economic development and job creation. He has focused on education reform in India, working to improve the quality of primary education in rural areas and

"Innovation distinguishes between a leader and a follower."
-Kiran Mazumdar-Shaw

"From idea to impact: innovators shaping India's destiny."

"Creativity is the key to success in the future, and ordinary education is where teachers can bring their creativity to create at that level."
-Dr. APJ ABDUL KALAM
