

Date/Day: 20th September, 2026 (Sunday)

Title: Mahim Beach Cleanup

Objective:

The Mahim Beach Cleanup activity was organized as an extension and outreach initiative with the objective of encouraging students and volunteers to actively participate in community service and environmental cleanliness.

The objectives of the activity were:

1. **To promote cleanliness and environmental responsibility** among students and volunteers through active participation in a beach-cleaning activity.
2. **To create awareness regarding the importance of maintaining clean public spaces**, particularly coastal and beach environments.
3. **To encourage community participation and social responsibility** among students through meaningful extension and outreach activities.
4. **To develop a sense of collective responsibility** towards environmental protection and cleanliness.
5. **To encourage students to contribute to society beyond the classroom** through practical participation in community-oriented activities.
6. **To promote the values of care, service and teamwork**, in accordance with the theme of the activity: *"Together, We Clean. Together, We Care. Together, We Serve."*

Program Outcome: PO1, PO3, PO5

Students were accompanied by Dr. Akanksha Singh (Extension & Outreach Head) & Mr. Fahad Khan (Assistant Professor in Pharmaceutics)

Participants Details:

Total no. of college students: 77

Total no of Faculty: 2

Summary of the Lecture/Activity:

The Mahim Beach Cleanup activity was organized on 20th September 2026 at 8:00 AM at Mahim Beach, Mumbai as an extension and outreach initiative of H. K. College of Pharmacy. The activity was organized in association with the Lions Club of Mumbai H.K. College Campus, District 3231 A2, Region I, Zone I (2026–27) and in collaboration with the Department of Lifelong Learning & Extension (DLLE) and the Extension and Outreach Committee.

The initiative was centered on the importance of cleanliness, environmental responsibility and community service. Students, organizers and associated participants came together with the common objective of contributing to the cleanliness of the beach environment.

The activity was conducted with the theme:

“Together, We Clean. Together, We Care. Together, We Serve.”

The theme highlighted the importance of collective participation in maintaining clean surroundings and developing a sense of responsibility towards the environment and society.

The Mahim Beach Cleanup also provided students with an opportunity to participate in an activity outside the conventional classroom environment. Such activities encourage students to understand the importance of civic responsibility, teamwork and service to the community.

Through their involvement in the activity, participants were encouraged to recognize that maintaining environmental cleanliness is not solely the responsibility of authorities but also requires active participation from citizens, students and community organizations.

The involvement of the Department of Lifelong Learning & Extension and the Extension and Outreach Committee further reflected the institution's emphasis on connecting education with community engagement and social responsibility.

The collaborative participation of the Lions Club of Mumbai H.K. College Campus strengthened the community-service dimension of the initiative and provided a platform for collective action towards environmental cleanliness.

Overall, the activity served as a practical extension and outreach initiative promoting the values of cleanliness, care, teamwork, community participation and service.

Key Outcome of the Lecture/Activity:

The following outcomes can be stated based on the nature and stated theme of the activity:

1. Promotion of Environmental Awareness

The activity provided participants with practical exposure to the importance of maintaining cleanliness in coastal and public environments.

2. Development of Social Responsibility

Participation in a community cleanliness activity encouraged students and volunteers to understand their responsibility towards society and the environment.

3. Encouragement of Community Service

The programme provided a platform for students and members of the associated organizations to contribute actively to a community-oriented initiative.

4. Teamwork and Collective Participation

The activity promoted coordinated participation among students, faculty/coordinators, the DLLE team, the Extension and Outreach Committee and the Lions Club.

5. Practical Learning Beyond the Classroom

The activity enabled students to experience an extension activity in a real-world community setting, complementing their academic education with practical social engagement.

6. Promotion of Cleanliness

The beach cleanup activity directly supported the objective of promoting cleaner public surroundings and encouraging responsible behaviour towards the environment.

7. Strengthening Institutional Outreach

The collaboration between H. K. College of Pharmacy and external/community organizations supported the institution's extension and outreach activities.

8. Reinforcement of the Values of Care and Service

The activity reflected the central message of the programme:

“Together, We Clean. Together, We Care. Together, We Serve.”
