

Date/Day: 01st December 2025, Monday

World AIDS Day

Objectives :

- To create awareness among students about HIV (Human immunodeficiency viruses) /AIDS (Acquired Immuno Deficiency Syndrome), and its prevention.
- The primary goal was to educate students on the importance of early diagnosis, safe practices, and stigma-free support for people living in community with HIV.

Program Outcome: PO3, PO5 and PO7

Details of the Resource Person/Event: The event was organized by Extension and Outreach Committee and Department of Lifelong Learning and Extension (DLLE).

Participant details:

Total no. of college students: 150

Total no. of Teachers: 08

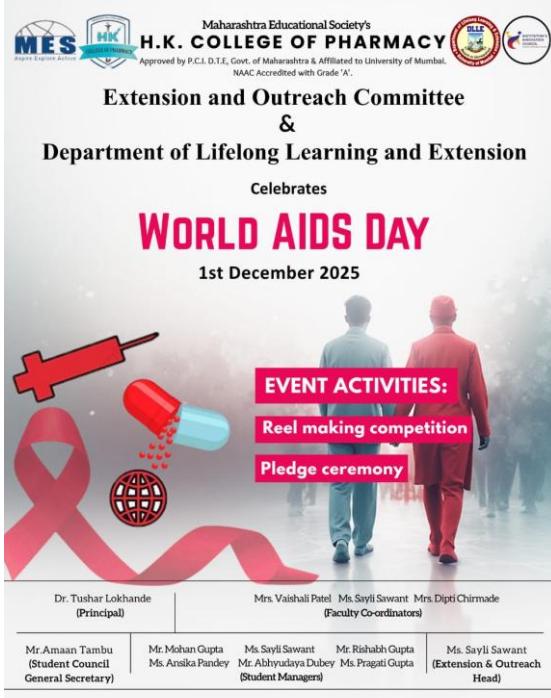

Summary of the activity:

The MES H K College of Pharmacy organized World AIDS Day awareness event with the Extension Outreach Committee and Department of Lifelong Learning and Extension (DLLE) on 1st December 2025. The program included a pledge ceremony followed by a reel-making competition to spread awareness on HIV/AIDS.

The event commenced with a brief introduction on the significance of World AIDS Day, highlighting the global theme and the need for collective action against stigma and discrimination. Students actively participated in taking the AIDS Awareness Pledge, reaffirming their commitment to prevention, compassion, and support for individuals living with HIV. Following the pledge, a reel-making competition was conducted to encourage students to express informative and creative messages on HIV prevention, safe practices, and sensitization of society. All participants showcased meaningful content that effectively communicated the importance of awareness and empathy.

The event was conducted in the presence of faculty coordinators, who appreciated the enthusiasm and sincerity of the students. The session concluded with a message promoting health awareness, responsibility, and community engagement.

Key outcome of activity:

- Students gained a deeper understanding of HIV/AIDS, its transmission, and prevention methods.
- Improved communication and presentation skills through the reel-making competition.
- Enhanced awareness regarding stigma reduction and empathetic behavior towards affected individuals.
- Encouraged active participation in community health awareness initiatives.
