- **UNICEF Day:** On 11th December, 2023 a visit to the Ashadaan Ashram was organized by the Public Health Organization (PHO) Committee of HKCP in wake of UNICEF day by Impact full donation of Sugar and rice. The main objective of this activity was to align with the mission of UNICEF in supporting children's welfare globally, and inspire a sense of social responsibility within the community and fulfill UNICEF motto of “For every child”. To donate towards a brighter future of the children. To indulge a sense of importance for the act of giving and supporting the upbringing of the needful children in the society. It turned out to be a memorable day for everyone who participated in the noble work.

- World Soil Day:** On 5th December, 2023 H. K. College of Pharmacy celebrated world soil day. An awareness session on 'Soil Awareness' was hosted by Dr. Priyanka Goswami in order to spread knowledge about different types of soil and to nurture & kindle down to earth attitude among students. The key outcome and motive of this event was to spread knowledge about different types of soil and the geographical importance and to inculcate a sense of humility, humble attitude towards the earth in the students. Also to orient the students about how each soil is different, significance of soil for humans and commercial importance for agriculture.

- World AIDS Day:** On 1st December, 2023. H. K. The College of Pharmacy celebrated World Aids Day by organising an awareness session. The session aimed to educate students, faculty, and staff about HIV/AIDS and to reduce stigma, and encourage responsible behavior. The session covered topics such as the transmission of the virus, prevention methods, and the latest advancements in HIV/AIDS research. It inculcated the importance of compassion and understanding towards one affected by it. The key outcome was a sense of awareness created towards breaking stereotypes, encouraging open conversations, and emphasizing the importance of getting tested. This session helped reinforce key messages about HIV/AIDS prevention and dispel common myths and misconceptions in students and highlighted the meaning of red ribbon as a symbol of solidarity and awareness.
