# A message from our placement cell

- The vast range of economic and social dynamics in India, reflected by the diverse student and faculty population, equips students to thrive in multinational and culturally diverse companies
- Our primary objective is to bridge the gap between the industry and academia, offering highly skilled technical and management professionals tailored to meet the specific requirements of organizations.
- we aim to empower graduates with a well-rounded set of technical competencies, interpersonal abilities, and an optimistic outlook on life.

## Message from Principal Desk

H.K. College of Pharmacy, has recorded consistent improvement in its academic, research and placement activities. The students of our college stood 1st and 2nd in order of merit in the final year examinations conducted by the University of Mumbai in the year 2019 and 2020 respectively.

We are pleased to introduce our 2021 batch of students for the successful placement session for this year . We are confident that with knowledge gained through academic and various extra curricular activities our students have become professionals to serve the dynamic healthcare system. We look forward to continue a fruitful relationship with your organization.
