- Mrs. Pranali Bhasharkar, Assistant Professor, HKCP Mumbai
- Mrs. Vaishali Patel, Assistant Professor, HKCP Mumbai

Participant Details:

Number of students: 56

Number of Faculty: 03

Summary of the Lecture/Activity:

On **International Lung Cancer Day**, an awareness program was organized for the Third Year B. Pharmacy students on **Saturday, 1st August 2026**, in collaboration with the **Institute Innovation Council (IIC)** and **Universal Human Values (UHV)**. The program aimed to create awareness among students and the community regarding lung cancer, its risk factors, early warning signs, preventive measures, and the importance of timely diagnosis and treatment.

As part of the program, a **quiz competition** was conducted to enhance students' knowledge and understanding of lung cancer. The students were also instructed to design **E-posters** highlighting key aspects of lung cancer prevention and awareness. Training was provided to enable students to effectively communicate health-related information and educate the public.

The program particularly emphasized the harmful effects of **tobacco consumption and secondhand smoke**, the importance of **smoking cessation**, and the role of adopting a **healthy lifestyle**

in reducing the risk of lung cancer. The active participation of pharmacy students provided them with valuable opportunities to strengthen their **communication, patient counselling, health education, and public health promotion skills.**

Overall, the program successfully promoted awareness about lung cancer and encouraged students to actively contribute towards **community health and well-being.**
