

Date/Day: 12 February 2025, Wednesday

Topic: “Immunology: The Promise for Future Therapeutics”

Objective:

- To impart to students of B. Pharm, the concept of Immunology and its importance in medicine and healthcare.
- To explain to students of B. Pharm about the different avenues in Immunology and Medicine.

Program Outcome: PO2, PO3, PO5, PO11

Details of the Resource Person/Event:

Speaker: Mr. Stephen Kerr

Designation: Professor and Associate Provost of Academic and International Affairs

Company: Massachusetts College of Pharmacy and Health Sciences

Participants Details:

Total no. of college students: 160

Total no of Faculty: 12

Summary of the Lecture/Activity:

The event commenced with a warm welcome and felicitation of the esteemed guest by Dr. Tushar Lokhande, Principal of H. K. College of Pharmacy. Mr. Kerr then introduced the concept of Immunology, explaining the intricate relationship between genes and immunity. He emphasized the significance of Immunology and its far-reaching applications in Pharmacy and Healthcare, citing the COVID vaccine as a prime example.

The guest session was enlightening, and the students gained a comprehensive understanding of Immunology and its significance in Pharmacy and Healthcare. Students also learned about the relationship between genes and immunity and appreciated the practical applications of Immunology, including vaccine development.
