MES's H. K. College of Pharmacy's Department of Lifelong Learning and Extension (DLLE) had organized a Workshop on 'Capital Market and its awareness' on 6th August 2025 for B. Pharmacy students.

The workshop was specially organized to introduce financial platforms for individuals, establishments and governments, to raise long-term funds through various sources like stocks, bonds, and mutual funds. Financial platforms play an important role in economic development by mobilizing savings and channelizing them into productive investments. Awareness of the capital markets promotes understanding the working of markets, the risks involved and returns of various investment resources, and the regulatory systems.

Students understood that better financial planning reduces vulnerability to fraud and promotes participation in wealth development and economic growth.
